The Kitsap Habitat for Humanity Store is a nonprofit home improvement store and donation center that sells new and gently used furniture, home accessories, building materials, and appliances to the public at a fraction of the retail price. All proceeds support building homes.

MISSION: Helping families in Kitsap County build strength, stability, and self-reliance through affordable homeownership.

Habitat for Humanity of Kitsap County builds communities. Formed over 25 years ago, the first home was completed in 1994 and for the next few years Habitat grew from building a house every couple years to building a couple houses a year.

In 2004, Habitat began planning for the first Neighborhood/Community in Kitsap County. New Hope Circle turned from dream to a reality when the first five families moved in right before Christmas in 2007. The neighborhood in Bremerton was completed with the 17th home a little over two years later.

Since New Hope, Habitat for Humanity has helped Habitat Families build community in Suquamish, East Bremerton and Navy Yard City. They are currently building a 32 home neighborhood community in Port Orchard. Habitat has also begun a Neighborhood Revitalization program with the goal of helping aging neighborhoods build community.

Thank you to Silverdale Lutheran and all the Kitsap volunteers who truly make a difference in families' lives through this ministry!

In 2018, Silverdale Lutheran gave \$926.00 in support of Habitat for Humanity and folks also donated their time and resources.

How can you support this ministry??

Volunteers are needed for...

- + Construction (16 years & older)
- + The Kitsap Store (stock merchandise/assist customers/manage the store)
- + Support volunteers (office administration/outreach/event support)

For more information on volunteering or becoming a homeowner go to www.kitsaphabitat.org

Did you know??? Each year 10% of all unrestricted funds in the Kitsap Habitat for Humanity budget are used to build homes around the world!

God's work. Our hands.
