Guidelines for Music in the Wedding Ceremony

STEP ONE: CONFIRMING YOUR DATE

The Minister of Music for Silverdale Lutheran Church, Lynn Rupp, is to be considered first as your accompanist. Only if she is unavailable, or gives her consent, may another accompanist be considered for the wedding ceremony. As soon as possible contact the Minister of Music to discuss your wedding date.

STEP TWO: CHOOSING YOUR MUSIC

Music helps to make a wedding special, and should be chosen with care and thoughtfulness. The Music Minister can meet with you to help you select music that you like and that is appropriate for a wedding ceremony. Read through the words of solos, and consider the style and origin of the music you are choosing. Instrumental music is also suitable for weddings. The Minister of Music may be able to make suggestions if desired, during the consultation. Pre-recorded music is not considered suitable for a wedding ceremony at Silverdale Lutheran Church. Favorite popular music solos not considered suitable for worship could be used at the reception or another gathering. If you are not planning on having music for your wedding, or wish to have an instrumental group, please include this information when consulting with the Minister of Music.

STEP THREE: ENGAGING YOUR SOLOIST (if applicable)

If vocal music is desired, select a soloist who can competently perform the music you choose. Provide copies of music for the solo (in the proper key) to the soloist and the Minister of Music at least two weeks prior to the wedding date. Because of copyright laws, photocopies are not acceptable. The accompanist is responsible for rehearsing with the soloist, not for teaching him/her the music. The marriage couple is responsible for paying the soloist directly. The Minister of Music's fee for accompanying a soloist is \$25. (please note that some soloists provide their own accompanist in which the Minister of Music's accompaniment fee does not apply)

STEP FOUR: THE WEDDING REHEARSAL

It is not always necessary for the accompanist to be at the rehearsal. The need for her attendance should be determined at the time of consultation. Solos will not be "sung through" during the rehearsal, but at a rehearsal with the soloist, which may be scheduled with prior consultation with the Minister of Music.

**Minister of Music: Justin Cormier: 253-569-3870 or at the church at 360-692-9263
All fees are to be paid prior to or at the Wedding Rehearsal through the wedding Coordinator, Deb Buck (360-692-8608).**

2. Facility Use Agreement
3. Room Use, Equipment, and Food Services Charts
4. Facility Use Expense Reimbursement Fees
5. Wedding Guidelines and Procedures (as needed)
6. Facility Use Guidelines and Procedures

Introduction

Presented here are the guidelines and policies for use and scheduling of Silverdale Lutheran Church (SLC) facilities and equipment. The core values upon which these policies are based are:

Facility use and conduct of the users is dedicated to the glory of God and should be in keeping with the mission and vision of SLC.

The Church bylaws contain the following guidance:

2.01 Church or church premise use by outside organizations shall be subject to Congregation Council approval. In general, the following will influence the Congregation Council decision: non-profit organization status, potential for outreach to the community, requests/sponsorship by church members, and avoidance of organizations whose mission or beliefs conflict with those of Silverdale Lutheran Church and the ELCA.

Under 7.02 Duties and Responsibilities of the Congregation Council

7.02.07. Be responsible for the buildings and premises of the congregation so that their use is available for the functions of the congregation. Should groups or individuals not associated with the congregation desire to use such property, application shall be made to the Congregation Council for its approval. The Congregation Council will approve procedures for routine and special functions such as weddings and bazaars.

The Vision developed in 2005 by the congregation stated that SLC should expand its outreach, through efforts such as: “Providing for community use of Silverdale Lutheran Church space”.

Facility Use Request Procedures:

Except for SLC Worship and Ministry activities, all users of SLC, facilities, or equipment will apply for church facility and equipment use by submitting either Form 1 or 2 as applicable. Applicants must also sign and submit Form 3 and acknowledge SLC’s Facility Use Guidelines and Procedures by signing Form 7. Additional forms may be required depending on the nature of the request (e.g., Form 4, 5, & 6; Kitchen Guidelines; Nursery Procedures; and Closeout Procedures). Requests for use must be made in advance of the desired event date(s) with the Church Office Manager to facilitate scheduling; lighting, heating, and ventilation programming; and space set-up. All requirements, such as food service, use of audio / visual or other equipment, or room arrangements, need to be stated at time of the written application. When required, a security deposit, staff support honorariums, space use expense reimbursement fees, and charges for other expenses will be requested using the guidelines of Form 5.

Applications for use of the facility must be filed with the Office Manager not less than five (5) working days before the event, but requests may not be submitted earlier than the guidelines below.

For events that span more than a single day, users must coordinate set-up and takedown of spaces that are scheduled for use by other groups or activities within the same timeframe so that one activity or group does not adversely impact other groups or activities. For events that require set-up that is not concurrent with the event, the setup time and date must be included to facilitate scheduling staff, to ensure coordination with other events, and to accommodate cleaning and maintenance activities.

Church Equipment Checkout

Only certain Church equipment may be removed from church grounds for use by members in non-church sponsored activities. The Maintenance Manager will maintain a list of such equipment, which shall be approved by the Trustees. When off-sight use is approved, all such equipment must be signed out using the procedures set up by the Maintenance Manager.

ACTIVITY SCHEDULING PROCESS

Scheduling will occur as follows:

A master calendar will be maintained which provides a 3-year rolling schedule for all SLC activities. **A scheduling year will run from September 1 until August 31.** During July and August of each year, a list of known events, including items such as the basic worship schedule, will be developed and added for the third year in the future. Items already listed on the schedule for the next two years will be reviewed and updated at that time. Additional items will be added at the time they become known within the 3-year window, but the priorities and time limits below must be observed.

1. Church Council and staff will schedule SLC events as indicated below:

Activity	Responsibility
Worship events	Pastor
Stewardship and Evangelism events	Commissioned Team
Sunday School, Adult Forum, Lay School of Theology, VBS, Preschool Events, Special Music Events	Called Team
Youth, Fellowship, and Outreach Events	Connected Team Pastor(s)
All other SLC Activities	Trustees
Weddings	Office Manager

2. In May, a form will be made available in the church office for use during the annual scheduling process. Upon completion of Scheduling for SLC activities, requests for non-church sponsored events will be filled in based on the user priorities and time limits below.

3. Council Teams are responsible for coordinating schedule inputs from the various groups under their cognizance. All inputs should be available by June 30.

4. The following **priorities** will be observed in scheduling facilities and equipment

- SLC Worship and Ministry
- Groups or individuals associated with or sponsored by SLC
- Member non-profit Activities
- Non-Member non-profit Activities (requires Church Council approval)

5. In addition to the priorities set above, scheduling will observe the following **time limits**:
 - SLC events will be added when they become known within the 3-year planning cycle.
 - Groups associated with or sponsored by SLC may schedule events up to 1 year in advance.
 - Weddings may be scheduled up to 2 years in advance for members and up to 1 year in advance for non-members.
 - Member activities may be scheduled up to 6 months in advance.
 - Non-member activities may be scheduled up to 8 weeks prior to the event on a space-available basis.
6. Once an event is scheduled using the above priorities and time limits, it may not be bumped for a higher priority use without the approval of the Trustees.
7. Recurring users will be asked to resubmit their Applications for Church Use for the following year (September through August) by June Using Form (1). Additional events that will not be conducted during a reoccurring user's regular times and dates will require a separate request using Form 2 to ensure proper coordination with other activities and facility maintenance and cleaning.
8. Conflicts will be resolved by the Trustees.
9. The schedule will be maintained by the Office Manager.
 9. Request forms for scheduling and building use will be available in the church office.
