

SILVERDALE LUTHERAN CHURCH

Grace Filled. Spirit Led.

Federal EIN 91-0754823

Silverdale Lutheran Church is a faith-based organization in Kitsap County, serving in partnership with our surrounding community and various places around the world. Our connections with businesses and other community organizations allows our ministry of service to make a greater impact and accomplish a wider variety of goals.

Our High School Youth participate in an annual Summer Servant Trip. We are especially excited to be traveling with youth and adults to Costa Rica this summer through Rice and Beans Ministries, an organization providing food, companionship, and hope to needy families through locally grown food, children’s programs, and construction. This trip will offer us an opportunity to serve alongside underserved populations in remote mountain communities. It will also offer a chance for youth in our community to extend their understanding of places and people far different from themselves. It truly makes their faith three dimensional as their world becomes much more connected.

Past trips have included service with the Blackfeet Tribe in Montana, building stoves and helping with a water project for the Mayan people of the Guatemalan Highlands, and helping citizens living in economically depressed areas of Detroit and Houston.

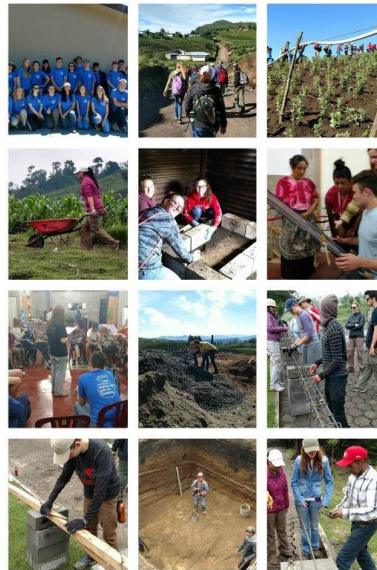

Your organization can help us by making a tax deductible donation of goods and/or services for our annual Youth Servant Trip Auction to be held in March 2023. The funds from the Auction support these annual service trips, and your donation helps us make this trip and others possible for anyone, regardless of any financial barrier they may have. We hope it also blesses you with the chance to connect with customers and to give in a way that is meaningful to you.

Thank you for your support.

Sincerely,

Carissa Robideaux
